# KRISTYN (KRIS) DEL CAMPO-BANREVY, B.S.

kristyndcb@gmail.com | LinkedIn | GitHub | Portfolio

Phone: (201) 310-9003 | Denver, CO

Full stack web developer leveraging a Bachelors from the University of Colorado-Boulder with a medical and customer-oriented background to build the best user experience on the web. Earned a certificate from the University of Denver in Full Stack Web Development. Strengths in teamwork, meeting deadlines, building projects from ideation to execution. Passionate about approaching programming challenges from different angles and continuously learning!

### **Technical Skills**

**Proficient in full-stack JS development:** HTML, CSS, JavaScript, jQuery, SQL, NoSQL, MongoDB, MySQL, React, Node, Jest, Bootstrap, Express, Regex, MERN stack, SERN stack, GraphQL, RESTful APIs, Heroku, GitHub, Git, Kanban

### **Projects**

## **DU Event Listeners** | Deployed app on Heroku | GitHub Repo

- Summary: As our coding bootcamp came to an end, we wanted a way for students to continue connecting. After login, app allows its users to interact with resources, events, a forum, and a live chat feature.
- Role: Back end programming & front end connection/improvements
- Tools: CSS, React, socket.io, MongoDB, GraphQL, Bootstrap, bcrypt, Express, JavaScript

# ScrolloDeck | Deployed app on Heroku | GitHub Repo

- Summary: App that allows users to add traditional games to db and filter through them depending on party size, after login.
- Role: Back end & Front end
- Tools: HTML, mySQL, Handlebars, Node, Express, RESTful API, bcrypt, Bulma, JavaScript

#### GetYourBooksHere | Deployed app on Heroku | GitHub Repo

- Summary: Refactored RESTful API to GraphQL to cut down on amount fetched through Google Books API. After login, users are able to search for books, add & delete books to the user's page.
- Role: Sole Author
- Tools: Express, Apollo, GraphQL, Mongoose, React, HTML, CSS, JavaScript, Bootstrap, bcrypt

#### **Experience**

### Autopay

Customer Success Representative | Denver, CO | 2021-2022

Applied problem-solving skills to resolve customer inquiries and disputes, and escalated using the appropriate channels when necessary. Answered incoming calls daily to collect information and identify customer needs. Onboarding new hires was an essential part of my duties as well.

# Alchemer (SaaS startup)

Customer Service Representative | Louisville, CO | July 2021-Sept. 2021 Learned the application and applied problem-solving skills to resolve customer's questions with the software. Experienced inner workings of a SaaS startup. Became acquainted with Salesforce and JIRA as the software for ticketing bugs.

#### National Jewish Health

Clinical Lab Scientist I & Pre-Analytical Technician | Denver, CO | 2020 - 2021 I worked at a BSL-2 laboratory specializing in SARS-CoV-2 in the Covid-19 ADx lab of National Jewish Health. I performed PCR assays on patient samples including reading results. I worked intimately with my team along with communicating results and any issues with clients. I also worked as a pre-analytical technician to understand the inner workings of the laboratory and to further assist my team during spikes in samples. Worked alongside CDPHE and reported needs and assisted in overflow.

# Education

Certificate, Full Stack Web Development - University of Denver

Denver, CO

B.S. Integrative Physiology - University of Colorado Boulder

Boulder, CO
